Details:

Bronze + Social Sponsorship:

Bronze + Social sponsorship is a supporting level of conference sponsorship. FleetDM will have a short 5 minutes opening intro on Day 2 of the conference, and your company logo will also be posted on our website. You will be thanked in social media and on the podcast. You will also get a code to give away two free passes to the conference.

The Social is a *four-hour evening reception and the welcome party for the conference, which takes place the evening prior to the conference at a fun off-site venue. This is the networking event of the conference where attendees meet and socialize before getting down to work. You will be the sole sponsor and we'll ensure your name is front and centre.*

Thank you so much for sponsoring MacDevOps:YVR 2024.

Sincerely,

Mat X
